December 30th – Bacon Day

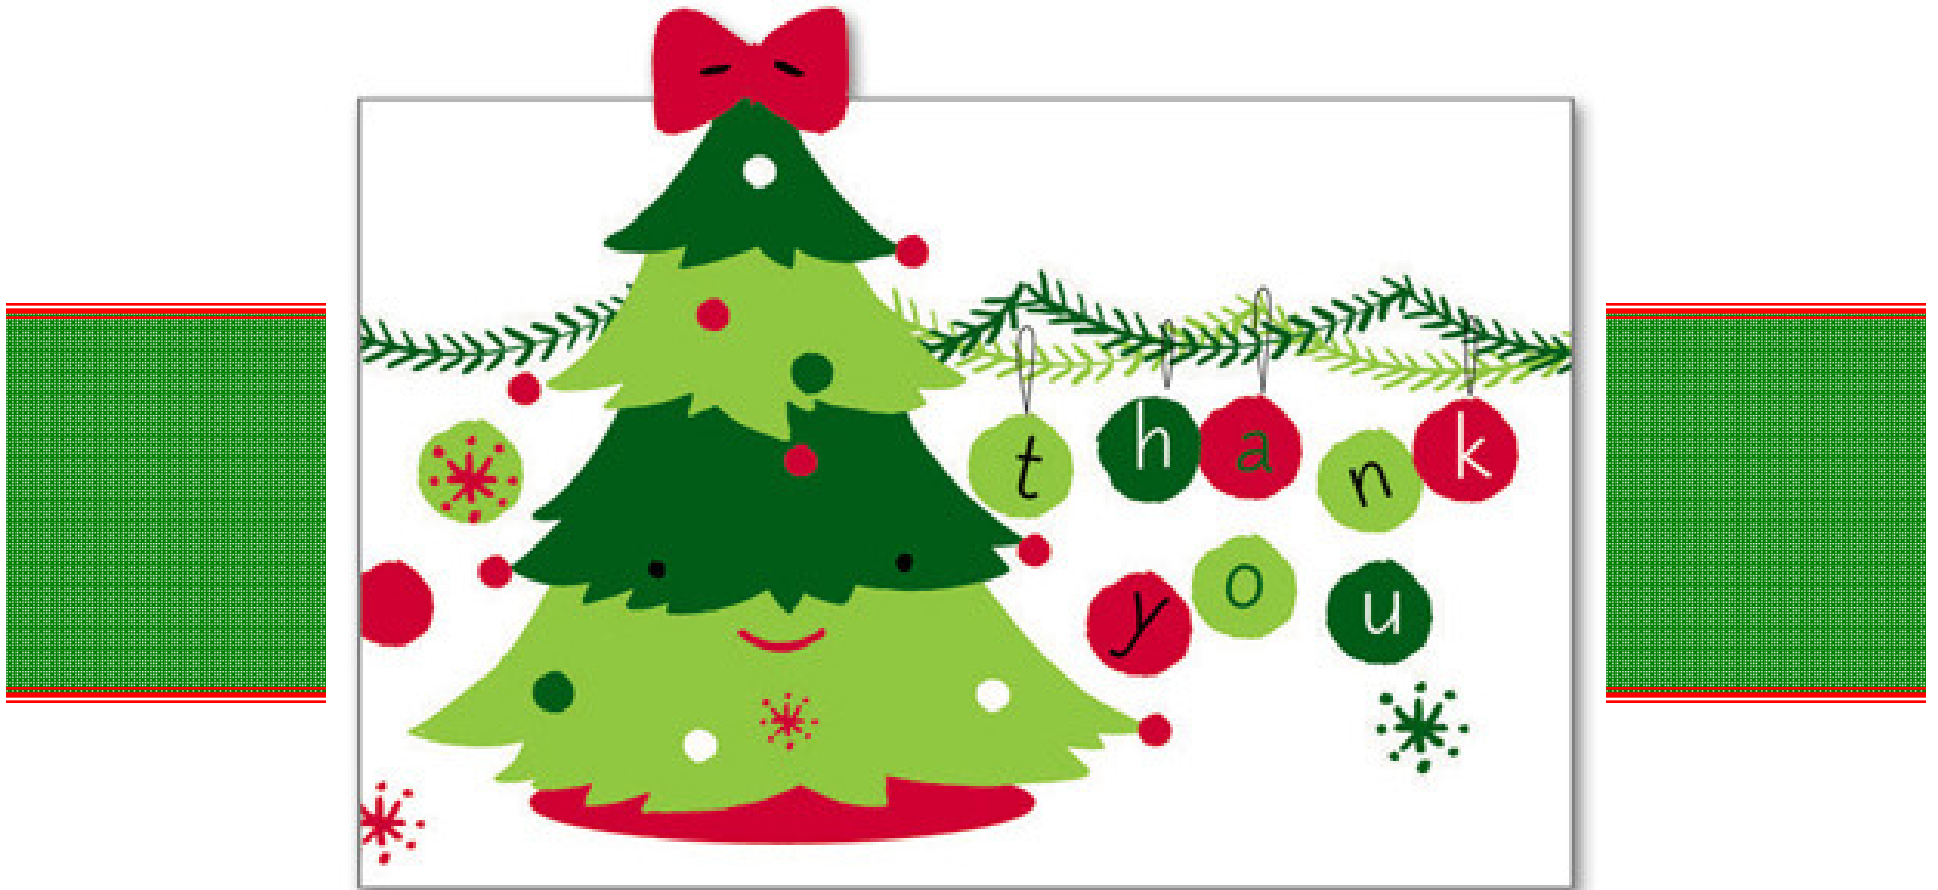

- Keep your lights in tip-top shape by wrapping them around an old paper towel holder or a plastic hanger. This ensures you won't be stuck with a tangled mess during the next holiday season!

- Plastic storage boxes are the perfect containers for all your decorations, supplies, and leftover gift trimmings. Choose different colors for each room to make decorating *next* year that much easier!

- Don't forget to **RELAX** and enjoy the season!
